## BUILDING WORK HAS BEGUN!

We are THRILLED to announce that the ICCS building project is now underway and the first stage is expected to be finished by the beginning of September, 2015! The pictures tell a far better story than anything I could say, so I have included lots of photos to show the progress.

## A 4WD Vehicle for Blessed to Bless

Thanks to a very large donation from TNA Australia, and some other very generous donations, coupled with some fundraising efforts during my trip to Australia, Blessed to Bless has been able to purchase a 4WD vehicle – a 2011 Toyota Hilux. This is going to make a huge difference to my work here in Zambia, giving me the ability to move items for the school and do deliveries with ease. For a month I worked without a vehicle, hiring a car or taxi to do my work. I

would like to say a huge thank you to our generous supporters, and also praise God for His provision. This vehicle could have easily been sold to someone else – at least three other parties were interested in purchasing it, and one had travelled several hours and was offering more, but because of the work we are doing the seller kept the vehicle for us.

## REPORT FROM ROS PHILIPS, PUBLIC OFFICER

It was hard to farewell my family and dear friends in Zambia - but the time will pass quickly until we meet again next year! What an exciting trip - so many great things happening with the school and the sponsored students, thanks to the support of the wonderful board, teachers and staff - praise God.

Kim has reported the most important news about the school building work, so I will just tell you a little about the sponsored students. You probably know there are currently three grades (90 students) at Ipalo Christian Community School - every year a new class is added as the children advance, and it is Kim's difficult task to select those most in need from the long waiting list. I was able to meet with all these students and take photographs for their new profiles in 2016. Each year there is a noticeable difference in these little ones - they are more confident, healthier, and they are LEARNING! What a joy to see their happy faces and hear their laughter - so different to their appearance when they first come with their guardians to meet staff for the selection process.

This year I spent much of my time in Kitwe, visiting MCS and meeting with the secondary and tertiary students in the Blessed to Bless sponsorship program - once again collecting new information from these students and taking photographs for next year's profiles. It is such a rewarding time for me - as I hear of the students' successes and achievements. Most of these children make the best of the opportunity their sponsors provide to continue their education, and do their utmost in difficult living conditions. Some have to walk an hour to and from school each day - and may not have much to eat, or a warm blanket at night. Many do not have electricity, and some do not have running water. There are always a few who succumb to their daily life struggles, and do not complete their education: but I believe that every year of schooling they finish is to their advantage in the long run.

There are too many exciting stories to include in this newsletter without it becoming a book, but I will include the testimony of one of my students, Jona, who has brought great joy. I would like to encourage all sponsors to be in touch with their students - it is a great blessing and is very uplifting for the students. Don't hesitate to contact me if you would like further information.

**Here is the abbreviated version of a testimony from Jona, who will graduate from his teaching diploma in November, and is joining the B2B staff at ICCS in January. Jona has been in the sponsorship program since 2007.**

*First and foremost I would like to give thanks to God for bringing Blessed to Bless (B2B) into my life.*

*I was just a boy, like any other boy, but without any hope or future dreams. I used to hang around in the compound, picking up food on the road - searching for scraps which people had dropped. I had never seen my father or his family. It was painful to see my friends chatting with their fathers.*

*For the first nine years of my life I didn't go to school, and spent my early years living like a nomad. When my mother was alive she was strong, and used to work hard to bring food for us. When I was ten years old my mother passed away and life became tougher. Although I attended school, I had negative thoughts about it: I was bullied because I was so poor and always hungry.*

*During this time I used to go to church, but I didn't know God or the purpose of life. I did not know that God had planned my life and education in advance. My sponsor Mum committed herself to support me up to college level. Now I have a different view of education: the commitment and support that I have received has made a huge impact on me.*

*As I write, I am one of the happiest people, knowing I am supported by Blessed to Bless. Every time I think about the encouragement from my sponsor Mum, I am moved to tears. I am very glad that I will be a teacher - a career that has been my dream since Grade 8.*

*Through my sponsor I was sent to a Christian college. This year I have made the significant decision to join the B2B team. I have decided to join because of the children at Ipalo Christian Community School: many of these children come from broken families, and have a similar background to me. It makes sense that I should teach these children as I understand the things they are going through.*

*Blessed to Bless has done a tremendous job - especially for a boy who had no vision at all and no hope for my life. I never dreamt I would become a teacher.*

*I thank my sponsor and Blessed to Bless for everything they have done in my life - for educating me, and for the financial support. The Blessed to Bless sponsorship program has brought an education to me, which is a priority for all Zambian children.*

## SPORTS DAY

On 6<sup>th</sup> August, 2015, ICCS held its annual sports day. A big thank you to John Rynne and his wife Maria from the UK, who organised and ran the sports day for us. The children had lots of fun, and it was a great end to term two.

Congratulations to our Grade 1 teacher, Kakweji, who recently gave birth to a healthy baby girl, Mercy.

## NEWS FROM MANYANDO COMMUNITY SCHOOL, KITWE

The second term is almost coming to an end, and as usual at this time we have the end of term exams. No matter how prepared the children are for the exams, they are very excited and attendance is at its best! I only wish we had the same attendance all the time.

We have had exciting times at MCS with electrical wiring works being completed in preparation for the installation of 'prepaid' electricity. The next step is for the power utility company to connect power to the school. We just can't wait! We are very grateful to

Maxine Callow for her fundraising efforts for this great benefit for the school.

Redpath, a company contracted to the mines in Kitwe, donated over 300 water bottles to the school. The water bottles would cost a minimum of \$2 - something the children could not afford. The children now have containers for their drinking water.

A visit to school from a Blessed to Bless member is always an exciting time for the children. This past June/July the school was graced by such a visit from Ros Philips, and the children had treats of buttered bread rolls and sweets. They are already looking forward to the next visit!

In all these happening we just give God the glory.

CADBURY'S CHOCOLATES - can you sell a box amongst your colleagues or friends? The profits will be used towards the school needs in Zambia. Please take a box from Ros, and leave it at your workplace - payment can be made when the chocolates are sold.

### CRAFT WORKSHOPS

If you enjoy craft work, we would love to see you at the first of our craft workshops to be held at **10am on Monday 10<sup>th</sup> August** at 18 Memorial Avenue, St Ives. Valerie will guide our first group with instructions for making a peg apron - and colourful African fabrics will be provided (along with morning tea). You can bring along your sewing machine, or simply come along and cut and pin. We are hoping to produce a number of items for sale at future fundraising events.

Why not pre-order an Entertainment Book now? Don't miss out on fantastic savings for the coming year - 20% of purchase price goes to Blessed to Bless if you order through us:
